1. BASIC PRINCIPLES

- 1.1. The ITTF Table Tennis World Ranking is the objective merit-based method used for entries and seeding at ITTF and WTT events.
- 1.2. The ITTF Table Tennis World Ranking is composed of the following lists:
 - Men's Singles
 - Women's Singles
 - Men's Doubles Pairs
 - Women's Doubles Pairs
 - Men's Doubles Individuals
 - Women's Doubles Individuals
 - Mixed Doubles Pairs
 - Mixed Doubles Individuals
- 1.3. Ranking lists are published on a weekly basis on Tuesdays.
- 1.4. Ranking lists are published for the Senior age category.
- 1.5. Players and pairs are ranked when having non-expired points awarded at sanctioned events.
- 1.6. Each ranking list consists of a list of players or pairs sorted by descending number of points. In case of ties, for presentation, entries selection and seeding, players and pairs are sorted by:
 - The player or pair with fewest results.
 - If still tied, the player or pair with the result with the greatest number of points.
 - If still tied, the player or pair with the best result in WTT Grand Smash events.
 - If still tied, the player or pair with the best ranking in the previous week.
 - If still tied, the youngest player or pair.
 - If still tied, randomly sorted by the ranking calculation software.
- 1.7. Ranking points are awarded at any sanctioned events.
- 1.8. Awarded points have a validity of one year, expiring next year on the same week on which they were included in the ranking. After expiring, they are no longer eligible to be included in the ranking record of a player or pair.
- 1.9. The ranking of a player or pair is composed of the sum of the points of the 8 non-expired results with the greatest number of points, with the following restriction:
 - 1.9.1. A maximum of the best result counting for the ranking from events which exclude or forbid any player(s) from a member association from being permitted to enter due to their nationality (i.e., Continental, Regional or similar events).
- 1.10. Initial ranking points and transition formula from the 2020 December ITTF World Ranking are described in point [6.1](#).

4. ENTRIES, INCIDENTS AND PENALTIES

- 4.1. Entries for eligible players and pairs are mandatory and automatic at the following events:
 - WTT Grand Smash
 - WTT Cup Finals
 - WTT Champions
- 4.2. A penalty is a player or pair result at a sanctioned event, with a validity of one year, awarding 0 points and always included in the best player or pair results specified in point [1.9](#), unless revoked according to the conditions enumerated in point [4.7](#).
- 4.3. Penalties are proposed by the World Ranking Manager and approved by the World Ranking Group based on the report filed by the ITTF Competition Manager or the WTT Event Supervisor on site, evaluating any additional medical reports or proof provided by the involved players and/or their respective National Associations. The decision shall be made interpreting the regulation if needed, applying fairness and equality principles.
- 4.4. Penalties are applied on the following lists depending on the competition:
 - 4.4.1. Singles: Singles ranking list
 - 4.4.2. Doubles / Mixed Doubles: corresponding Pairs list and Individual list for each of the players deemed responsible for the penalty reason.
- 4.5. Entry cancellations after the cancellation deadline at sanctioned events, including automatic entries as of point [4.1](#), shall imply:
 - 4.5.1. No ranking points awarded.
 - 4.5.2. No prize money awarded.
 - 4.5.3. Penalty as of point [4.2](#) for:
 - 4.5.3.1. WTT Grand Smash, WTT Cup Finals and WTT Champions events.
 - 4.5.3.2. For all other events, the first 2 cancellations in any one-year period will not incur a penalty, but third and subsequent cancellations will incur a penalty.
- 4.6. Walking-over or retiring from a match at sanctioned events shall imply:
 - 4.6.1. Points awarded for losing in the previous round in which the incident occurred.
 - 4.6.2. Prize money awarded for losing in the previous round in which the incident occurred.
- 4.7. Consequences of the incidents of points [4.5](#) and [4.6](#) shall be waived for the following reasons:
 - 4.7.1. In case of a cancellation after the deadline:
 - 4.7.1.1. The player or pair provides an official medical report that justifies the cancellation at the moment it is done.

- 4.7.1.2. The player or pair compete in 8 or more ITTF or WTT events after the incident. This only revokes penalty consequences, not prize money or ranking points.
- 4.7.2. In case of a walk-over or retirement from a match: the player or pair provides an official medical report that justifies the walk-over or retirement. Report shall be provided:
 - 4.7.2.1. If an Event Doctor is in place: on the same day, signed by the Event Doctor.
 - 4.7.2.2. If an Event Doctor is not in place: in the next 48 hours after the incident, signed by a qualified doctor.

5. RANKING PROTECTION

- 5.1. Ranking protection is the right of players to keep, for a limited period, the ranking points that they had at the moment they requested it, which shall be used for entry and seeding at sanctioned events.
- 5.2. Ranking protection shall be applied to the Singles, Doubles Individuals and Mixed Doubles Individuals competitions based on the corresponding ranking lists.
- 5.3. Ranking protection may be requested by the National Association of a player if the player is injured, sick, pregnant or under any other circumstances that prevent him/her from competing in table tennis events, including sanctioned and non-sanctioned events, leagues or exhibitions, for a time between 6 and 18 months.
- 5.4. The ranking protection must be requested within 6 months after the last sanctioned event where the player competed, by filling out and sending the form at <https://ittf.com/rankings> to rankings@ittf.com.
- 5.5. The ranking protection duration, that is, the number of events or period when the entry and seeding using the protected ranking is applied, is determined by the duration of the player's absence as:
 - 5.5.1. Between 6 and 12 months: 3 events or up to 6 months after the start date of the first sanctioned event where the player competes after the absence, whichever occurs first.
 - 5.5.2. Between 12 and 18 months: 5 events or up to 9 months after the start date of the first sanctioned event where the player competes after the absence, whichever occurs first.
- 5.6. In the case of a player who returns to competition after an absence and gets injured again having a protected ranking status, a freeze of the status at that moment may be requested up to two times during the protection. The player's absence must be of at least 3 months, after which the player would continue with the original protection and remaining months and events.
